#1 Goat milk formula worldwide

Kabrita® nourishes over 1.5 million babies across +50 countries. Kabrita is approved by FDA & EFSA, and trusted by healthcare professionals in the Southeast Asia.

Easier to digest A2 protein

The goat milk whey protein in Kabrita is an ideal source of protein and is easier to digest than cow milk whey protein.¹⁻³

Added pre- and probiotics to support a healthy gut

Kabrita naturally contains high levels of goat milk oligosaccharides which act as a prebiotic. FOS is also added as a prebiotic. Kabrita adds the probiotic strain *Bifidobacterium animalis* ssp *lactis*, which may support a healthy gut.⁴

Unique fat blend (Goat Milk Fat + OPO)

Whole goat milk is a very rich source of nutrients, and a good source of fatty acids.⁵ High levels (≥40%) of β-palmitate in IF have been studied thoroughly. These studies show clinically proven benefits on gut health, growth and comfort.

Made in the Netherlands and adheres to strict European standards

Kabrita milk is supplied from over 100 Dutch family-run goat farms that comply with the Dutch Goat Dairy Organization animal welfare and food safety assurance program. Kabrita adheres to European standards that limit the use of antibiotics, growth hormones, and pesticides.

Ingredients

Lactose (**milk**), Skimmed **goat milk**, **Whole goat milk**, Vegetable oils (1,3-Dioleoyl 2-palmitoyl triglyceride, Rapeseed oil, Sunflower oil), Fructo-oligosaccharides, Minerals (Tricalcium phosphate, Calcium carbonate, Trisodium citrate, Potassium hydroxide, Ferrous sulphate, Zinc sulphate, Copper sulphate, Magnesium chloride, Manganese sulphate, Sodium selenate, Potassium iodide), Docosaheptaenoic acid-rich algae oil, 2'-Fucosyllactose (**milk**), Arachidonic acid-rich oil, Vitamins (L-ascorbic acid, Sodium L-ascorbate, DL-α tocopheryl acetate, Niacinamide, Calcium D-pantothenate, Thiamin hydrochloride, Retinyl acetate, Pyridoxine hydrochloride, Riboflavin, Folic acid, Phytomenadione, D-biotin, Cholecalciferol, Cyanocobalamin), Choline bitartrate, *Bifidobacterium animalis*.

Allergen information: contains milk.
